

# LAW SOCIETY MEMBERSHIP IS A GREAT INVESTMENT

## Free CPD. All year round

All your CPD is now included in membership – **completely free and unlimited**. This means you can access face-to-face seminars, live webinars and ondemand content at no extra cost. Member pricing applies to our new Signature Learning series.

## Need-to-know information

Stay ahead with access to the latest news, case notes, legal commentary, compliance guidance and more. Our popular journal *Brief* is being relaunched as *Brief Online* – a digital hub with everything you need to stay informed, plus a print magazine twice a year.

## Events that matter

The Law Society loves putting on a shindig for members. Whether it's a gala dinner and awards night, an informal sundowner, an inspiring breakfast with a cracking speaker, or a raft of special events during Law Week, there are **so many opportunities to gather with your peers and colleagues** and feel right at home as part of the legal community.

## Your voice in action

The Law Society has a direct line to government and the courts through our representative Council and network of committees. As a member, you can take part in committees to **ensure your voice is heard**. Whether it's consulting on policy, advocating for improvements to access to justice, or taking the concerns of the profession to those who need to hear them, we work tirelessly to ensure we have influence where it matters most.

## Professional Standards Scheme

The PSS enhances your professional reputation, offers limited liability, and provides you with peace of mind. If you ever need support, the PSS is an additional safety net.

## Exclusive member offers

The cost of living has started to bite over the past few years.

**Via our Member Extras program, you can get exclusive discounts on a range of goods and services** across practice management, travel, health and wellbeing, dining, finance, home, and more. It's just another way that we can provide tangible value to our members.
